Students must be full time in the semester before graduation to receive pro-rated scholarships for their graduating semester. Scholarships may be adjusted based on withdrawn courses. Details on the adjustments are outlined under "Special Circumstances".
3. **SATISFACTORY ACADEMIC PROGRESS.** Recipients are expected to maintain satisfactory academic progress. For full policy details, please see our "Satisfactory Academic Progress Policy" located on the student portal under Financial Services>Financial Aid Policies. If a student would be eligible for Federal/State aid based on academic credentials, they will be eligible for institutional aid. Students on Financial Aid/Academic Suspension will have institutional aid removed from their financial aid package. In addition, recipients of Academic scholarships must maintain the required academic progress for the specific scholarships as described later in this policy.

Policy Details

The Student Financial Services Advisors will award institutional scholarships. Athletic coaches have authority for the amounts of athletic scholarships. Athletic scholarships, in accordance with NAIA regulations, will adhere to set institutional policies regarding eligibility.

1. A student must submit an application for admission to be considered for institutional aid. The following documents should be submitted to be considered for academic institutional aid: ACT/SAT Report, high school transcripts (or their equivalent) and college transcripts if applicable.
2. Students must complete and submit the FAFSA to be eligible for Federal and State grants and loans.
3. The maximum institutional scholarship funds awarded to students will be 100% of tuition, fees, room and board. Eligible employee dependents will be awarded tuition discounts based on the "Employee Tuition Discount Policy".
4. For Academic Scholarships students must meet the GPA renewal requirements. If at the end of the first academic year of enrollment, the student's cumulative GPA (CGPA) is below the requirement for any specific scholarship, the award will be reduced 50%. If the CGPA is still below the requirement at the end of the second year, the scholarship will be removed completely. This process starts each fall semester. Students enrolling in the spring will get a "free" semester. However, if a student attends in the fall, does not attend in the spring, and returns to Rochester College, their scholarship GPA requirements will be based on the fall semester for that award year. Once the scholarship has been reduced or removed, the student must maintain the required CGPA for the next year for the award to be reinstated.

Example:

Larry is awarded an Academic scholarship with a GPA renewal requirement of a 3.0. At the end of the first year, Larry has cumulative CGPA of 2.7 (50% reduction of scholarship). At the end of the second year, Larry has cumulative CGPA of 2.8 (Loss of scholarship). Larry now must increase his cumulative CGPA to 3.0 to recover any of his Academic scholarship. If Larry has a cumulative GPA of a 3.0 at the end of the third year, the scholarship will be reinstated and then the process will start again.

5. All scholarships must be awarded 50% in the Fall and 50% in the Spring. If a student is in attendance for one semester, they cannot be awarded the full scholarship in that one semester.
6. **Fall 2008 was the last year for the Tuition Guarantee Discount.** Tuition Guarantee Discount will be awarded to students with tuition discount scholarship based on the size of the tuition discount. No tuition guarantee discount will be awarded to students who have 100% tuition discount. (Trustee, employee children, or any other student who has institutional scholarships that are "stacked" to equal 100% of tuition) Also, once a student loses the Tuition Guarantee Discount from either not maintaining the GPA requirements or by moving off campus, it is not restored even if they regain the 3.0 CGPA or move back on campus.
7. A student may receive only one Academic scholarship and only one Rochester College Discount (excluding the Out of State, Alumni, Athletic and RC Grant discounts, which may be awarded in addition to other discounts).
8. Only Employee Children Discount, Trustee Scholar Award, and Freshman Presidential Scholar Award are based on a percentage discount of tuition.
9. Students enrolled in the Specs Howard Broadcasting or Graphic Design tracks are not eligible for Rochester College institutional aid in the semester they are taking courses at Specs Howard.
10. Students must be residential students for the entirety of the semester in order to receive the scholarships restricted to residential status. If the student moves off campus at any point in the semester, the scholarship will be removed at a rate of 100%.
11. Early admission students are not eligible for institutional aid/scholarships.
12. Only full-time students (Minimum of 12 hours) are eligible for institutional aid. Students that completed Rochester College's Early College Program will still be eligible for First Time student scholarships as long as they are bringing in 89 credits or less. Students who dual-enrolled during high school will still be eligible for First Time students scholarships as long as they are bringing in 44 credits or less. All courses the student is enrolled in must apply directly towards their degree to be considered in their enrollment status for institutional aid eligibility.
13. The Early college institutional scholarship offered at \$7,500 per year is restricted to students who live on campus. The scholarship would be reduced to \$3,750 if the student decides to be a commuter.
14. All Institutional Aid offered by Rochester College is subject to the financial aid policies and procedures as set forth by the office of Student Financial Services and the Department of Education.

Special Circumstances

Graduating Students

All students dropping below full-time status due to graduation at the end of a given semester should be awarded institutional aid according to the number of credit hours they are planning to enroll. All institutional scholarships will be adjusted by the following factors: 11 hours = .69, 10 hours = .62, 9 hours = .56, 8 hours = .50, 7 hours = .44, 6 hours = .37. If a student has less than 6 hours, institutional scholarships are not allowed. For students in their last semester, residing on campus and receiving 100% trustee scholarship, they will receive 100% of the tuition discount, even if they are less than full time. Students must be full time up until their last semester to be eligible for the proration.

Institutional Aid reductions for students who are fulltime at the beginning of the semester and then withdraw below 12 hours during the semester (within the refund period for the course, including Session B refund periods). Students who drop below full time before both Semester/A and/or B census dates will be ineligible for institutional aid.

All institutional scholarships will be adjusted by the following factors: 11 hours = .69, 10 hours = .62, 9 hours = .56, 8 hours = .50, 7 hours = .44, 6 hours = .37. If a student withdraws to below 6 hours, all institutional scholarships will be removed. If the student is beyond the date to receive any refund, then no scholarship money will be removed.

If a student completely withdraws, institutional aid will be reduced by the same percentage as the tuition/fee refund schedule. The tuition/fee refund schedule is based on the last date of attendance of all courses and based on the latest refund chart for the courses the student withdrawals from. If a student completely withdraws after the refund period (0% refund), they may keep the full amount of their institutional aid.

Program Exceptions

Students enrolled in programs such as Education and/or Nursing, in which extend beyond four year completion times, will be provided an exception to the 5 years policy for students to be eligible for institutional aid. For programs that are five to six years in length, students will be eligible for institutional years for up to 7 years.
