

Box Office Policies

Due to the nature of our Theatre performance spaces late seating is not permitted to any of our theatre productions. Also, patrons that leave during the performance will not be readmitted until intermission.

Parents are encouraged to use discretion when purchasing tickets for their children and should contact the box office manager with any questions about age-appropriateness of any production. Children 5 years old and under are not permitted into the theatre unless the production is specifically for young audiences.

Future Leader Dogs and other service animals in training will be admitted to the theatre with the use of a Mutt Mat or similar mat. Trainers should bring a mat from home or use the mat provided by Rochester University Theatre. Trainers should contact the Box Office Manager prior to the show to make arrangements for accommodations for their service animal in training at the performance.

Rochester College Theatre understands that patrons sometimes find content in a production unsettling or disturbing. We recognize that particular sensitivities vary from person to person. We encourage patrons to call or email the box office with any specific concerns you might have about content in our production theatre@rc.edu or call 248-218-2149. As always, feel free to address any concerns with the House Manager on the evening of the show as well!
